

Travel Sit

Brought to you by

olivat

Travel Sit is for all those little patients who often travel, moving from home to school, and play dates. Travel Sit is a supportive seat that can be easily taken anywhere.

FOR FAMILIES ON THE MOVE

Travel Sit is a portable orthopedic seat for children up to 125cm tall, stabilizing the back and head. The Travel Sit includes six movable cushioned pads, complemented by two safety belts and an ergonomic headrest, all aimed at providing optimal support to the user while seated. Upholstered with zero spot system technology fabric which prevents the absorption of spilled liquids, the fabric is not only functional, but also boasts rich and vibrant colors, making it visually appealing and comfortable to use.

USES FOR THE TRAVEL SIT

- School
- Sitting on the floor interacting with peers
- Participating in events at a table
- On holiday
- Using the equipment at playgrounds
- Wherever extra support is needed while sitting

WHY TRAVEL SIT

- School
- Sitting on the floor interacting with peers
- Participating in events at a table
- On holiday
- Helps build correct sitting pattern in all everyday situations
